

Which World Do You Want to Live In?

The 'Fake' / Fictitious / Statutory World

This is the nightmare world that George Orwell & the Matrix movies warned us about.

It is composed of a variety of 'legal fictions':

Monarchs &/or Religious Leaders

(Appointed by God!?! NO.)

Partnerships, Corporations, & Trusts

Surrogate Corporate service providers acting like Gov't, but really just 'HOAs' run amok.

Millions of Statutory Laws under 'SEA' jurisdiction (really just 'rules' of the surrogate corp. service providers (i.e., the HOAs).

This world 'appears' to operate as a

Democracy (which is basically 'mob rule.')

All of these FICTIONS have been used over many years to confuse & control the We the People, tricking us into waiving many of our rights, thereby ENSLAVING most of us.

The 'Real World' of Living, Breathing,

Free Men & Women with

Inalienable Natural Rights, bestowing

Indigenous Power, who agree to

interact with others under

Common Law & Equity

(Land Jurisdiction) based on

Honor & Mutual Respect

for the Rights of others.

This world has a

Legitimate Government in the form of

a Constitutional Republic that was

created Of, By, and For the People.

This Government acknowledges that it

derives its power and authority from

the **Consent of the Governed.**

The Governed have the option, right, & responsibility to Participate.

Once you become aware that you have been entrapped & enslaved by this FAKE & completely deceptive, yet 'legal' system, **you can choose** to remain in it or to break free from it.

If you **choose to break free**, it will require a bit more than just swallowing the 'red pill.' There is a great deal to unlearn and relearn.

A new mindset is required. There is a 'process' to Declare, Rescind, & provide Notice to those entities that you have inadvertently contracted with. You must tell or notice them that you no longer wish to contract with them. Most contracts can be easily voided since full disclosure was not provided, they were FRAUDULENT. You will reclaim all of your rights and become a sovereign (King or Queen). NOTE: **Freedom has a price, it requires being properly educated, the ability to speak up, and eternal vigilance.**

As a natural, indigenous, living & breathing free man or woman **you have virtually unlimited rights, authority, and power** to do whatever you want to do, **AS LONG AS** it does not infringe on the rights, property, health, or body of another.

This includes the **unlimited right to contract** and engage in commercial transactions to provide for yourself and your loved ones.

Once you **reclaim your birthright** as a free, independent individual (including being sovereign), it opens up many possibilities. It literally means that **you are a King or a Queen.** Kings & Queens still have much to learn to properly run their kingdom.

Even Kings and Queens follow certain rules, protocols, and conventions such as making declarations, proclamations, notices, contracts, grants, treaties, trusts, and abiding by Natural Law, Common Law and the Laws of Nations.
